

Program Step2Education

FOOT AND ANKLE TRAINING
PROGRAM

Program

Step2Education

Novastep, the specialist in the design of innovative foot and ankle surgery solutions, can support you in your continuing professional training.

The goal of our **Step2Education** program is to work with you to acquire complementary techniques, fine-tune your procedures, and grow your knowledges.

MEETINGS WITH EXPERT SURGEONS

You'll meet with 1 or 2 expert surgeons to review several predefined topics.

Participant profile: Orthopedic surgeon.

Trainer: 1 or 2 expert F&A surgeons from the Novastep network.

Description: Designed to meet your needs. Typical program involves 1 to 2 days spent between the operating room, in consultations and discussions.

WORKSHOPS

Learn new procedures on a Sawbones foot or anatomical pieces under the attentive guidance of our expert surgeons.

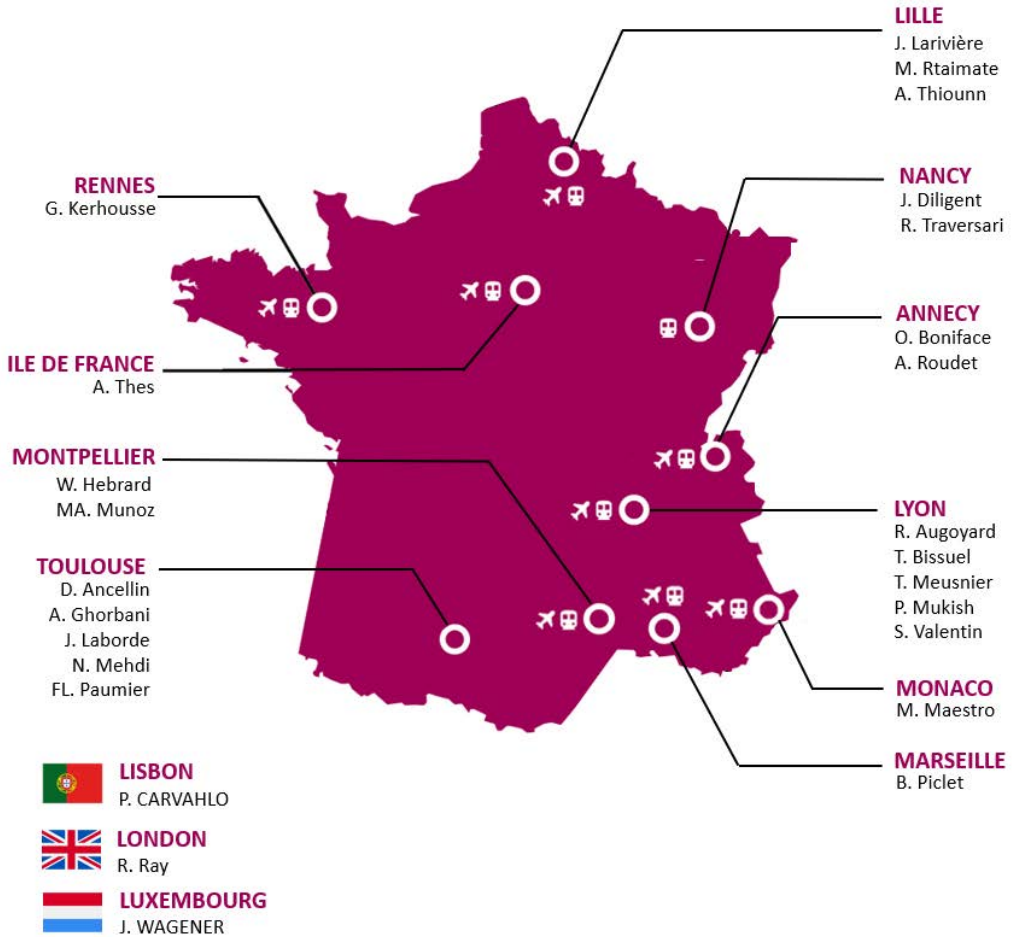

Participant profile: Orthopedic surgeon.

Trainer: 1 to 3 expert F&A surgeons from the Novastep network.

Description: Customized thematic workshops: ½ day or full day in groups of 5 to 10 persons.

DEVELOP NEW SKILLS

Learn next-generation techniques in the **foot and ankle reference centers**.

 Airport

 SNCF train station
